Tara Spa Therapy

Holiday Red Pillows; they've wrapped their aromatherapy herbal blend in Holiday Red!

TARA Herbal-Ease Eye & Neck Pillows contain the fragrant herbal recipe. These aromatherapy pillows can be heated or chilled for gentle therapeutic benefits.

According to ancient Eastern healing tradition, the subtle pressure of the herb filled pillow laid across the eyes or around the neck helps alleviate tension and headaches, reduces eye and neck strain, and promotes relaxation. Tara chose silk fabric — Charmeuse and Duponi Thai — for its soothing and cooling qualities. Herbal recipe includes: Lavender, Chamomile, Peppermint, Rose Petals, and Flax Seed. 866-224-1391, www.taraspa.com
